2. Relevant, inspiring and engaging for all our children, enhanced by first hand experiences and leading them to new discoveries.
3. Aim to foster a love of learning, a natural curiosity, a thirst for knowledge and equip them with the skills and passion to become lifelong learners.
4. Consistent quality of teaching and learning that is challenging, with high expectations and an “I can” culture.
5. Builds on prior knowledge and experiences, allowing opportunities for expansion and progression over their school years.
