

St John's Catholic Infant School

MR PAUL GREALIS

FOUNDATION GOVERNOR

For the last 22 years I have been a civil servant working in the Avionic repair sector of the Ministry of Defence. I have held various positions in that time such as Production Manager, Project Manager, Management Accountant.

My current role is Engineering and Compliance Manager and I am part of the senior management team for DSG Sealand (Defence Support Group). My main responsibilities are to provide and ensure engineering governance, airworthiness, regulation compliance and strategic direction to the business.

As a parent of two young children, I appreciate and understand the contribution schools have in a child's development/education. A school governor's role is to be an integral part of the schools management structure, using my business experiences I will support he staff and parents to ensure St John's Infant School is a thriving and successful school.
