

St John's Catholic Infant School

MRS JOANNE KALOUMENOS

FOUNDATION GOVERNOR

As a parent of two young children, one in Year 3 at the Junior School and one in Year 1 at the Infants, I have experience from a parents perspective. I am also a practicing Catholic and work in Catholic education and therefore understand fully how this ethos should be felt across the school. As a secondary school teacher I have many skills in communication, strategic planning and working as part of a team.

I am able to understand the specific difficulties within schools such as budgets, staffing and pleasing all stakeholders. I also understand the need for progress amongst all students and the requirements of successful Catholic education.
