

St John's Catholic Infant School

MRS REBEKAH TALBOT

FOUNDATION GOVERNOR

I am a parent of a child, who is currently in F2 at St John's Aided Catholic Infant School and my son, will be starting Preschool there September 2021. I am keen to be involved in the school and want to be able to make it the best possible environment for my children. It is also the school I attended while I was a child and have for most of my life attended St John the Evangelist Church. I lived out of area for a number of years but would attend when home. I am an active part of St John's Parish although this past year attendance has obviously not been allowed. I have missed being able to attend Church and to see my Church community.

I currently run my own business and this has developed my skills of: time management, organisation, accounting, money management, record keeping, auditing, IT. Through my previous job as a teacher I have good understanding of education settings including SEN, safeguarding et c

In my previous employment I worked as an RE Teacher in numerous school including St John Plessington Catholic School, before leaving to find a job more suited to family life. I have a good understanding of education in general and specifically of the subject of RE both within and outside a Catholic Education setting. I feel this gives me excellent skills to be able to support St John's Aided Catholic Infant Schools in the role of a Governor
