

St Bernadette Class Mission Statement

Our class is a happy and very friendly place to be, where we all feel safe. It is full of joy and everyday is a new day for learning. It is filled with colour and is full of laughter and smiles. We look after each other and make sure our friends feel loved.

Our grown-ups are calm, gentle, patient and caring. They always look after us. They help us to be very good people and to make the right choices. We have fun with them while we are learning. They always encourage us to use our gifts from God and live like Saint Bernadette.

God is always sitting next to us, helping us to learn and make the right choices. He helps our school to feel peaceful. God is special in our hearts because he loves us and helps us to say our prayers. We love Him. He is like our shining star.

At St. John's, we are one big, happy family. We are so lucky! It is a unique place, full of love, smiles and faithfulness; where we respect each other, and encourage each other to be the best we can be.

We are all equal and special no matter what.

Loving, learning and laughter, together with God.
