

St Nicholas Class Mission Statement

This is a happy place where there will be lots of loving, learning and laughter.

We will be a role model to our friends and encourage each to do our very best.

We want to spend time with God bringing His joy and the school values alive in our classroom.

We will have super, super kindness and helpfulness towards each other, sharing love and peace. We want to look after the classroom and care for God's planet.

We will work hard and learn lots of new fun and exciting things so we can be super students.

We will be a welcoming place, playing together bringing love into each others hearts.
