

## Our Year 2 Vision

To provide opportunities for our children to experience God's message in Scripture, reflecting upon Old and New Testament stories.

To allow them opportunity to respond and grow in their personal faith journey, and celebrate their own Catholic identity.

To share their emerging faith through living out the gifts of the Holy Spirit in their school and home life.

For children to reflect on their learning journey and be encouraged to question, take risks and develop inquiring minds as they seek to know more, remember more and apply more.

To widen the experiences the children receive, through the implementation of an inspiring broad and balanced curriculum that opens their minds and spirits.

Through high quality teaching and effective pedagogy, all children will be challenged to be independent learners with positive attitudes, happy to question and take risks in their learning.

To ensure that our children always feel safe, secure, valued and listened to, within an environment that fosters mutual respect and co-operation.

Our children will understand and respect diversity showing positive attitudes, behaviours and values, which will prepare them for life in modern Britain.

Our children will understand their role and place in the wider and global community, valuing the beauty and preciousness of God's world and understanding their duty to protect it.

Our children will be equipped with the knowledge and understanding of how to keep their bodies and minds safe.

They will have the confidence to speak out to an adult they can trust, when something is worrying them.

Every child will feel motivated, confident and enthused to learn, showing perseverance in all aspects of their learning journey.
